
CAEN-BSN Program Application Package – Transfer from Non-CAEN Partner Site

The nursing program at North Island College is part of the Collaboration for Academic Education in Nursing (CAEN) a partnership of nine post-secondary institutions that offer the same nursing curriculum resulting in a Bachelor of Science in Nursing (BSN) degree.

Admission Requirements

Students seeking to transfer from a non CAEN partner site into the CAEN-BSN program at North Island College are required to:

- Complete North Island College Application form.
- Complete Bachelor of Science in Nursing – Program Application Package for Transfer from non-CAEN partner site.
Note: A reference letter must be written by the Department Chair of Transfer College's program.
- Submit official transcripts from Transfer College that shows courses completed and courses currently registered in. Students will also have to submit transcripts from other educational institutions if they are requesting transfer credit from another institution.
- Submit detailed course descriptions from Department Chair or Dean of Nursing Program at transferring college/university. Transfer credit must be approved by NIC.
- Sign a consent authorizing release of confidential information from Transfer College's program.
- Have Transfer College send all Practice Appraisal Forms and relevant documentation to North Island College.

Note: *Students will be placed on the waitlist for the semester they want to enter in when they have submitted the NIC Application, BSN Application Package, an official transcript from the transfer college and the Department Chair or BSN program Advisor has done an assessment of course descriptions and notified the student regarding which courses they will get credit for. The reference letter from the Department Chair and practice appraisal forms and supporting documentations can come after the student has completed the semester at the transfer college. A decision regarding qualification will not be made until after this documentation has been reviewed.*

Note: *Some prospective students may be required to have an interview at the discretion of the Department Chair or designate. The interview is designed to assist students in making an informed decision about pursuing a nursing career.*

It is the student's responsibility to be certain that all components of the application are complete.

Incomplete applications will not be considered.

Once the student has been accepted to the program, the student will be required to:

1. Review the College of Registered Nurses of BC Requisite Skills and Abilities (RSAs). The CRNBC has approved requisite skills and abilities (RSAs) to meet entry level RN competencies. This Requisite Skills and Abilities document will be sent to you when you have a seat in the program. Prospective students need to review these and decide whether they believe they are able to meet them. Prospective students who have concerns about being able to meet the RSAs should contact the BSN Program Academic Advisor. On the first day of class, the student will need to sign a form that he/she has read these skills and abilities and believes he/she can meet them.
2. Hold a current CPR Level HCP certificate or and have completed a Workplace Hazardous Material Information System (WHMIS) course. CPR Level HCP must be re-certified every two years while in the nursing program. A photocopy of these certificates must be presented to the Nursing Program Support Assistant on the first day of classes.
3. Submit a criminal record check search form. This form will be sent to you once you are offered a seat in the program. A criminal record check (CRC) is mandatory as this may be required by some practice agencies. The CRC must be completed prior to entry into the BSN program and no more than three (3) months prior to the start date of the program. Processing costs will be incurred by the student. For more information, refer to the Admission section of the North Island College Calendar. Information on how to proceed with completing a criminal record check will be sent to you when you have a seat in the program.
4. Submit a completed immunization form. This immunization form will be sent to you once you are offered a seat in the program. This form should be validated by the public health nurse at your local health unit. The test must indicate Rubella IgG reactive and Varicella immune status. This form must be presented to the Department support assistant on the first day of classes.

Note: *If the public health nurse recommends a rubella serologic test, a photocopy of the results of this test will also have to be submitted.*

Other Important Information

- Nursing practice experiences in health agencies in the North Island Region are essential to the program. While the majority of clinical placements take place in the Comox Valley or in Campbell River, it is increasingly necessary to utilize agencies in other North Island regions such as Port McNeill, Port Hardy, Alert Bay, Bella Coola, Tofino, Powell River and Port Alberni. Students may be asked to do practice experiences in any of these areas and must arrange their own transportation and assume related transportation/accommodation costs. Students may also be required to complete their Consolidate Practice Experiences during the months of June, July and August depending on the availability of clinical resources. Shift work in the practice areas may include days/evenings/ nights/weekends, 8 and/or 12 hour shifts.
- Students will be required to submit typewritten essays and papers as part of course requirements therefore, basic computer literacy and Internet access is necessary.
