

## APPLYING TO THE PLUMBING & PIPING PROGRAM?

BE READY TO DO THE ASSESSMENT!

***TWO important steps before doing the assessment are:***

➡ ***Use the review material.*** North Island College has review material that you can study to prepare for your assessment. The review materials are listed below.

➡ ***Know where and when to test:*** North Island College provides **group testing** on all campuses. Check with your campus for times.

★ **Individual testing is available through the Access for Students with Disabilities program. Contact your local campus to arrange individual testing if you require it or to get more information.**

★ **Assessment is also available off campus**, applications are available on line:
