

APPLYING TO THE WELDING PROGRAM? BE READY TO DO THE ASSESSMENT!

TWO important steps before doing the assessment are:

➡ ***Use the review material.*** North Island College has review material that you can study to prepare for your assessment. The review materials are listed below.

➡ ***Know where and when to test:*** North Island College provides **group testing** on all campuses. Check with your campus for times.

☆ **Individual testing is available through the Access for Students with Disabilities program. Contact your local campus to arrange individual testing if you require it or to get more information.**

☆ **Assessment is also available off campus**, applications are available on line:
