North Island College welcomes students to Port Hardy Campus

Orientation for new and returning students at the Port Hardy campus

North Island College is rolling out the welcome mat on Monday, September 13th for our Orientation event at the Port Hardy campus.

New and continuing students are invited to join faculty and staff for a fun and informative evening, beginning at 4:30 pm. Assistant Registrar Darin Bellham will welcome everyone and provide an overview of the evening's activities. Dinner will follow, after which workshops on such topics as e-learning, how to get the most from your advising appointment, and an orientation to the library will be offered.

Orientation is an opportunity for students to socialize with their instructors and classmates, as well as to become familiar with the College resources and support services that are available during the academic year.

Thanks to the support of the North Island Students' Union, this year's Orientation event is shaping up to be another huge success.

It all happens Monday, September 13th. Join us to discover everything your College has to offer. For complete event details, visit www.nic.bc.ca.

Port Hardy's Orientation will allow students to meet instructors and classmates over dinner, ask questions, and learn more about NIC services.
