

Campbell River Campus Expansion

WEEKLY UPDATE | For the week of Feb. 19, 2018

Welcome to the Campbell River campus expansion update — your source for key information on safety, milestones, photos and status updates at NIC's growing Campbell River campus.

For more information, contact christiana.wiens@nic.bc.ca.

WHAT YOU NEED TO KNOW

Personal vehicles will not be permitted in the old trades compound and may be towed. To keep everyone safe, and work areas clear, only authorized vehicles and NIC automotive program vehicles will be allowed.

PHOTO OF THE WEEK

Concrete poured for Timberline Trades Building (Building 500): With the sunshine holding last week, crews poured concrete for the Timberline Trades Building. Have a Campbell River campus photo you would like to share? Email your photo to christiana.wiens@nic.bc.ca, for a chance to win NIC merchandise.

STATUS UPDATE

Timberline Trades Building (Building 500): The structural steel will go up this week, weather permitting.

Trades/Aquaculture Building (Building 300): This week's colder weather has delayed the concrete pour, but not the steel structure which will go ahead before the floor this week.

Heavy Duty Shop (Building 100): New steel cladding continues to be installed this week, with cranes installed soon.
