MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The financial statements have been prepared by management in accordance with Section 23.1 of the *Budget Transparency and Accountability Act* of the Province of British Columbia. The integrity and objectivity of these statements is management's responsibility. Management is also responsible for all of the notes to the financial statements, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements. The significant accounting policies are summarized in Note 2 to the financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced. The internal controls are designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the financial statements.

The North Island College Board of Governors is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Audit and Finance committee. The Audit and Finance Committee reviews financial information on a quarterly basis and the external audited financial statements yearly. The external auditor has full access to the Audit and Finance Committee, with and without management present.

KPMG conducts an independent examination, in accordance with Canadian auditing standards, and expresses an opinion on the financial statements. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of the examination and their opinion on the financial statements.

On behalf of North Island College:

John Bowman

INDEPENDENT AUDITORS' REPORT

To the Board of Governors of North Island College, and To the Minister of Advanced Education, Skills and Training, Province of British Columbia

Opinion

We have audited the financial statements of North Island College (the Entity), which comprise:

- the statement of financial position as at March 31, 2020
- the statement of operations and accumulated surplus for the year then ended
- the statement of changes in net debt for the year then ended
- the statement of remeasurement gains and losses for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements as at and for the year ended March 31, 2020 of the Entity are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Financial Reporting Framework

We draw attention to Note 2(a) to the financial statements which describes the applicable financial reporting framework and the significant differences between that financial reporting framework and Canadian public sector accounting standards.

Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
 - The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1 Authority and purpose

North Island College operates under the authority of the College and Institute Act of British Columbia. The College is a not-for-profit entity governed by a Board of Governors, the majority of which are appointed by the provincial government of British Columbia. The College is a registered charity and is exempt from income taxes under section 149 of the Income Tax Act.

2 Summary of significant accounting policies

The financial statements of the College are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the College are as follows:

(a) Basis of accounting:

The financial statements have been prepared in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board.

The Budget Transparency and Accountability Act requires that the financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires all tax-payer supported organizations in the Schools, Universities, Colleges and Hospitals sectors to adopt Canadian public sector accounting standards without any PS4200 elections related to accounting standards for not for profit organizations.

Regulation 198/2011 requires that restricted contributions received or receivable are to be reported as revenue depending on the nature of the restrictions on the use of the funds by the contributors as follows:

- (i) Contributions for the purpose of acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are recorded and referred to as deferred capital contributions and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded. The reduction of the deferred capital contributions and the recognition of the revenue are accounted for in the fiscal period during which the tangible capital asset is used to provide services.
- (ii) Contributions restricted for specific purposes other than those for the acquisition or development of a depreciable tangible capital asset are recorded as deferred contributions and recognized in revenue in the year in which the stipulation or restriction on the contributions have been met.

For British Columbia tax-payer supported organizations, these contributions include government transfers and externally restricted contributions.

2 Summary of significant accounting policies (continued)

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which require that government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410.

As a result, revenue recognized in the statement of operations and certain related deferred capital contributions would be recorded differently under Canadian public sector accounting standards.

(b) Cash and cash equivalents

Cash and cash equivalents include highly liquid investments with a term to maturity of three months or less at the date of purchase.

(c) Financial instruments

Financial instruments are classified into two categories: fair value or cost.

- (i) Fair value category: all portfolio investments are quoted in an active market and therefore reflected at fair value as at the reporting date. Sales and purchases of investments are recorded on the trade date. Transaction costs related to the acquisition of investments are recorded as an expense. Unrealized gains and losses on financial assets are recognized in the Statement of Remeasurement Gains and Losses until such time that the financial asset is derecognized due to disposal or impairment. At the time of derecognition, the related realized gains and losses are recognized in the Statements of Operations and Accumulated Surplus and related balances reversed from the Statement of Remeasurement Gains and Losses.
- (ii) Cost category: financial assets and liabilities are recorded at cost or amortized cost. Gains and losses are recognized in the Statements of Operations and Accumulated Surplus when the financial asset is derecognized due to disposal or impairment. Sales and purchases of investments are recorded on the trade date. Transaction costs related to the acquisition of financial assets are included in the cost of the related instrument.

(d) Inventories held for resale

Inventories held for resale, including books and merchandise for sale in campus bookstores are recorded at the lower of cost or net realizable value. Cost includes the original purchase cost, plus shipping and applicable duties. Net realizable value is the estimated selling price less any costs to sell.

Notes to the Financial Statements Year ended March 31, 2020

2 Summary of significant accounting policies (continued)

(e) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets

Tangible capital assets are recorded at cost, which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. Interest is capitalized whenever external debt is issued to finance the construction of tangible capital assets. The cost, less residual value, of the tangible capital assets, excluding land and landfill sites, are amortized on a straight line basis over their estimated useful lives shown below. The College prorates amortization on a monthly basis in the year of acquisition. Land is not amortized as it is deemed to have a permanent value.

Buildings and site improvements

Concrete and steel buildings	10-40 years
Wood-framed buildings	10-20 years
Site improvements	10 years
Furniture and equipment	
Library books	10 years
Furniture, equipment, and vehicles	5 years
Computer servers	3-5 years
Computer equipment	3-5 years
Leasehold improvements	Remaining term of the lease

Assets under construction are not amortized until the asset is available for productive use.

Tangible capital assets are written down when conditions indicate that they no longer contribute to the College's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value.

(ii) Works of art and historic assets

Works of art and historic assets are not recorded as assets in these financial statements.

(iii) Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

2 Summary of significant accounting policies (continued)

(f) Employee future benefits

The College and its employees make contributions to the College Pension Plan and the Municipal Pension Plan which are multi-employer joint trustee plans. These plans are defined benefit plans, providing a pension on retirement based on the member's age at retirement, length of service and highest earnings averaged over five years. Inflation adjustments are contingent upon available funding. As the assets and liabilities of the plans are not segregated by institution, the plan is accounted for as a defined contribution plan and any contributions of the College to the plan are expensed as incurred.

Sick leave benefits are also available to the College's employees. The costs of these benefits are actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The obligation under these benefit plans are accrued based on projected benefits as the employees render services necessary to earn the future benefits.

(g) Revenue recognition

Tuition and student fees and sales of goods and services are reported as revenue at the time the services are provided or the products are delivered, and collection is reasonably assured.

Unrestricted donations and grants are recorded as revenue when receivable if the amounts can be estimated and collection is reasonably assured.

Restricted donations and grants are reported as revenue depending on the nature of the restrictions on the use of the funds by the contributors as set out in note 2(a).

The College leases certain land properties to third parties for a period of 99 years. Cash received from land leases is deferred and amortized to revenue on a straight-line basis over the term of the lease.

Investment income includes interest recorded on an accrual basis and dividends recorded as declared, realized gains and losses on the sale of investments, and writedowns on investments where the loss in value is determined to be other-than-temporary.

(h) Use of estimates

The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and related disclosures. Key areas where management has made estimates and assumptions include those related to the fair value of financial instruments, useful life of tangible capital assets and the present value of employee future benefits and commitments. Where actual results differ from these estimates and assumptions, the impact will be recorded in future periods when the difference becomes known.

Notes to the Financial Statements Year ended March 31, 2020

2 Summary of significant accounting policies (continued)

(i) Foreign currency translation

The College's functional currency is the Canadian dollar. There are no significant foreign currency transactions.

(j) Budget figures

Budget figures have been provided for comparative purposes and have been derived from the North Island College 2019-2020 Budget approved by the Board of Governors of North Island College on April 26, 2019.

Budget figures are presented only for information purposes.

Other payables and accrued liabilities	_	3,341,126	_	3,318,573
	\$_	9,281,632	\$	8,729,742

6 Employee future benefits

(a) Pension benefits:

The College and its employees contribute to the College Pension Plan and the Municipal Pension Plan (jointly trusteed pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at August 31, 2019, the College Pension Plan has about 15,000 active members, and approximately 8,000 retired members. As at December 31, 2018, the Municipal Pension Plan has about 205,000 active members, including approximately 6,000 from colleges.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation for the College Pension Plan as at August 31, 2018, indicated a \$303 million surplus for basic pension benefits on a going concern basis.

6 Employee future benefits (continued)

The most recent valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis.

The College paid \$2,698,207 for employer contributions to the plans in fiscal 2020 (2019: \$2,447,125).

The next valuation for the College Pension Plan will be as at August 31, 2021 with results available in 2022. The next valuation for the Municipal Pension Plan will be December 31, 2021, with results available in 2022.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

(b) Other benefits:

	2020	2019
Severance	\$ 364,680	\$ 444,310
Accumulated sick leave benefit	 73,000	 73,000
	\$ 437,680	\$ 517,310

- (i) The College provides severance benefits to eligible employees based on eligibility, years of service, and final salary.
- (ii) Employees of the College are entitled to sick leave in accordance with the terms and conditions of their employment contracts. Sick leave credits accumulate for employees of the College, as they render services they earn the right to the sick leave benefit. The College recognizes a liability and an expense for sick leave in the period in which employees render services in return for the benefits.

Notes to the Financial Statements Year ended March 31, 2020

7 Deferred contributions

Deferred contributions are comprised of funds for restricted uses including special programs, facilities and research. Changes in the deferred contribution balances are as follows:

				2020		
		Land Sale		Other		Total
Balance, beginning of year	\$	3,961,144	\$	8,625,031	\$	12,586,175
Contributions received		-		8,619,910		8,619,910
Transfers		-		(1,878,755)		(1,878,755)
Revenue recognized		-	_	(9,236,92 <u>5</u>)	_	(9,236,925)
Balance, end of year	\$ <u>_</u>	3,961,144	\$_	6,129,261	\$_	10,090,405
				2019		
		Land Sale		Other		Total
Balance, beginning of year	\$	3,961,144	\$	7,267,166	\$	11,228,310
Contributions received		-		8,941,595		8,941,595
Revenue recognized		-	_	(7,583,730)	_	(7,583,730)
Balance, end of year	\$	3,961,144	\$	8,625,031	\$_	12,586,175

In 2012/13, the College sold 11.164 acres of land to the Vancouver Island Health Authority for \$4,030,114. Use of the sale proceeds is restricted under the College and Institute Act. The proceeds, net of land costs of \$68,970, have been recorded as deferred contributions until permission to use the funds for acquisition of specific capital assets is granted.

8 Deferred capital contributions

Funding contributions for tangible capital assets are referred to as deferred capital contributions. Amounts are recognized into revenue as the asset is amortized over the useful life of the asset. Treasury Board specifies this accounting treatment as disclosed in note 2(a). Changes in the deferred capital contributions balance are as follows:

		2020		2019
Balance, beginning of year	\$	36,841,046	\$	28,817,855
Contributions received during the year - cash		3,458,549		10,040,272
Contributions received during the year - in kind		-		274,836
Transfers		1,878,755		-

Notes to the Financial Statements Year ended March 31, 2020

9 Tangible capital assets (continued)

(a) Assets under construction

Assets under construction having a value of \$883,404 (2019: \$18,424,794) have not been amortized. Amortization of these assets will commence when the asset is available for productive use.

(b) Contributed tangible capital assets

Contributed capital assets are recognized at fair market value at the date of contribution. The value of contributed capital assets received during the year is \$nil (2019 - \$274,836)

10 Financial risk management

The College is potentially exposed to credit risk, liquidity risk, foreign exchange risk and interest rate risk from the entity's financial instruments. Qualitative and quantitative analysis of the significant risks from the College's financial instruments is provided below by type of risk.

(a) Credit risk

Credit risk primarily arises from the College's cash and cash equivalents, accounts receivable and portfolio investments. The risk exposure is limited to their varying amounts at the date of the statement of financial position.

Accounts receivable primarily consist of amounts receivable from government organizations, students, clients and sponsors. To reduce the risk, the College regularly reviews the collectability of its accounts receivable and establishes an allowance based on its best estimate of potentially uncollectible amounts. As at March 31, 2020 the amount of allowance for doubtful debts was \$147,342 (2019: \$154,370), as these accounts receivable are deemed by management not to be collectible. The College historically has not had difficulty collecting receivables, nor have counterparties defaulted on any payments.

(b) Market and interest rate risk

Market risk is the risk that changes in market prices and inputs, such as interest rates, will affect the College's income. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing the return on risk.

The College manages market risk by holding cash balances with a top rated Canadian Schedule I financial institution. The portfolio investments are professionally managed following the investment program which is approved by the College's Board of Governors and consistent with the requirements of the College and Institute Act. The College periodically reviews its investments and is satisfied that the portfolio investments are being managed in accordance with the investment program.

Notes to the Financial Statements Year ended March 31, 2020

10 Financial risk management (continued)

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in the market interest rates.

It is management's opinion that the College is not exposed to significant market or interest rate risk arising from its financial instruments.

(c) Liquidity risk

Liquidity risk is the risk that the College will not be able to meet its financial obligations as they become due.

The College manages liquidity risk by continually monitoring actual and forecasted cash flows from operations, anticipated investing, and financial activities to ensure that its financial obligations are met.

(d) Foreign exchange risk

The College has not entered into any agreements or purchased any foreign currency hedging arrangements to hedge possible currency risks, as management believes that the foreign exchange risk derived from currency conversions is not significant. The foreign currency financial instruments are short-term in nature and do not give rise to significant foreign currency risk.

11 Contractual obligations

The nature of the College's activities can result in multiyear contracts and obligations whereby the College will be committed to make future payments. Significant contractual obligations related to operations that can be reasonably estimated are as follows:

	Port Alberni St Campus	. Joe's Campus	Port Hardy Campus	Total
2021	\$ 120,945	\$ 91,140	\$ 143,883	\$ 355,968
2022	-	91,140	143,883	235,023
2023	-	91,140	59,951	151,091
2024		7,595		7,595
Total contractual obligations	\$ <u>120,945</u>	\$ <u>281,015</u>	\$ <u>347,717</u>	\$ <u>749,677</u>

12 Contingent liabilities

The College may, from time to time, be involved in legal proceedings, claims, and litigation that arise in the normal course of business. In the event that any such claims or litigation are resolved against the College, such outcomes or resolutions could have a material effect on the business, financial condition, or results of operations of the College. At March 31, 2020 there are no outstanding claims.

13 Related parties

North Island College is related through common ownership to all Province of British Columbia ministries, agencies, crown corporations, school districts, health authorities, hospital societies, universities and colleges that are included in the provincial government reporting entity. Transactions with these entities, unless disclosed otherwise, are recorded at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

North Island College Foundation is a not-for-profit organization and a registered charity under the Income Tax Act. The Foundation was created to enhance the delivery of North Island College's programs and services by raising funds to provide scholarships and bursaries, and to support various College projects. Although there is no common control of the organizations through the Board appointment or other forms of control, the Foundation is related to the College by virtue of holding resources which are to be used to provide support to students attending the College. Transactions with the Foundation were recorded at the exchange amount.

At March 31, 2020 accounts payable of the College included \$505,653 (2019: \$23,465) due to the Foundation.

		2020	2019
Bursaries	\$	531,265	\$ 397,792
Donations and other		994,013	1,122,952
Gifts-in-kind	_	12,225	 325,179
Foundation contributions to the College	\$ <u></u>	1,537,503	\$ 1,845,923
College contributions to the Foundation	\$	106,359	

14 Contractual rights

The College has entered into multi-year contracts with the Province of British Columbia that entitles the College to receive the following amounts:

	Port Alberni Campus	St. Joe Camp	•	Total
2021	\$ 120,945	\$ 91,14	0 \$ 143,883	\$ 355,968
2022	-	91,14	0 143,883	235,023
2023	-	91,14	0 59,951	151,091
2024		7,59	<u>-</u>	7,595
Total contractual rights	\$ <u>120,945</u>	\$ <u>281,01</u>	<u>.5</u> \$ <u>347,717</u>	\$ <u>749,677</u>

15 Lease inducement

In September 2017, the College entered into a 5 year renewable lease for premises located in Port Hardy. In conjunction with the lease, the landlord financed \$500,000 of the improvements to be repaid by the College over 10 years. The amount is funded by the Province over the term of the lease.

16 Subsequent Event

Subsequent to the year end, the outbreak of the novel strain of coronavirus, specifically identified as "COVID-19", has resulted in the federal and provincial governments enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally resulting in an economic slowdown. Global equity and capital markets have also experienced significant volatility and weakness. The governments have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions.

The College also expects COVID-19 to impact future student enrollment and delivery of education. Work on alternative instructional delivery methods is expected to continue.

It is not possible to forecast with certainty the duration and full scope of the economic impact of COVID-19 and other consequential changes it will have on the College's business and operations, both in the short term and in the long term. In a long term scenario, certain aspects of the College's business and operations that could potentially be impacted include student enrollment, severance costs, investment portfolio volatility and staffing levels.

Schedule 1 - Schedule of Expenses by Object

For the year ended March 31, 2020 with comparative information for 2019

	Budget 2020	2020	2019
