

Program Delivery Methods 2021–2022

NIC

On Campus & Digital (Blended)

Code: (Campus) B

NIC

On Campus, Scheduled

Code: (Campus) S

SCHEDULING

Classes: For Trades and Technical programs, Health and Human Service programs and science courses, there are scheduled on-campus classes for hands-on learning. Digital learning is either scheduled or unscheduled.

Exams: Any mid-term, final or industry or professional mandated exams are scheduled by instructor in either the on-campus classes or via digital formats.

DESCRIPTION

The course is delivered with both required in-class, on-campus learning and digital learning experiences. In-class learning is scheduled, and the digital learning is done independently.

Expectations about in-person attendance (e.g., days of the week) and learning expectations for digital activities (e.g., due dates, activities) will be clearly communicated to students at the outset of the course and maintained.

STUDENT QUESTIONS

- Do I have to come to campus for class or exams? **YES**
- Do I need a computer and internet to take the course? **YES**
- Do I have to regularly attend class at scheduled times? **YES**
- Will there be additional and scheduled class times requiring my attendance once I begin the course? **NO**
- Will I have to work with classmates on projects, activities or presentations and schedule my meeting times with them? **DEPENDS ON INSTRUCTOR**
- Will instructors record the digital classes for access later? **DEPENDS ON INSTRUCTOR**
- Are there deadlines for assignments and activities? **YES**

SCHEDULING

On-Campus Classes: For open enrolled courses, classes are scheduled in one 3-hour block or two 1.5-hour blocks. Other programs may differ with 3 or more hours per week of scheduled classes.

Exams: Scheduled in 3-hour blocks during the exam period.

DESCRIPTION

On-campus scheduled courses are delivered in-person on campus at regularly scheduled times each week.

STUDENT QUESTIONS

- Do I have to come to campus for class or exams? **YES**
- Do I need a computer and internet to take the course? **DEPENDS ON COURSE**
- Do I have to regularly attend class at scheduled times? **YES**
- Will there be additional and scheduled class times requiring my attendance once I begin the course? **NO**
- Will I have to work with classmates on projects, activities or presentations and schedule my meeting times with them? **DEPENDS ON INSTRUCTOR**
- Are there deadlines for assignments and activities? **YES**

Program Delivery Methods 2021–2022

NIC

Digital Scheduled (Off Campus)

Code: DLS

SCHEDULING

Digital Classes: For open enrolled courses, digital classes are scheduled in one 3-hour block or two 1.5-hour blocks. Some programs may differ with 3 or more hours per week of digital classes.

Digital Exams: Mid-term exams must be done in the digital format during the scheduled class time or as a take-home. Final exams must be done in digital scheduled format and scheduled.

DESCRIPTION

Digital scheduled courses are delivered through live, entirely digitally classes that are regularly scheduled at the same times for up to 3 hours each week for engagement or application activities between the students and instructor.

No on-campus attendance is required for any aspect of the course, including assessments. In the time between the live digital classes, students follow course expectations and work on their own or in collaboration with classmates to communicate, engage and apply new learning via unscheduled course components.

STUDENT QUESTIONS

- Do I have to come to campus for class or exams? **NO**
- Do I need a computer and internet to take the course? **YES**
- Do I have to regularly attend class at scheduled times? **YES**
- Will there be additional and scheduled class times requiring my attendance once I begin the course? **NO**

- Will instructors record the digital classes for access later? **DEPENDS ON INSTRUCTOR**
- Are there deadlines for assignments and activities? **YES**

NIC

Digital Unscheduled (Off Campus)

Code: DLU

SCHEDULING

Digital Classes: There are no scheduled classes.

Digital Exams: There are no scheduled exams. Mid-term and final exams are done via digital methods with at least a 24-hour window of time provided to students to take the exam.

DESCRIPTION

Digital unscheduled courses are delivered entirely digitally, and students work independently following an organized set of content, instructions, and activities.

Engagement by the instructor with students occurs individually with no scheduled group activities either via live digital means (e.g., video-conferencing class) or non-digital means (e.g., messaging apps or collaborative documents).
