

**COMMERCIAL AND OTHER “NON COLLEGE”
ACTIVITY ON CAMPUS**

#7-05

Approved

May 22, 1997

by: Administrative Council

Effective:

May 22, 1997

Date to be Reviewed:

2003

POLICY

North Island College will maintain appropriate procedures to ensure that controversial commercial enterprises and other community groups conduct their activities on Campus in ways that promote and reinforce the objectives of the College.

PURPOSE

North Island College welcomes members of the community who wish to interact with students and employees at its Campuses. The College understands the value of a diverse and rich environment for members of the College community. The College also understands the importance of allowing the local community the opportunity to interact with students and employees. While it is ultimately the Board of Governors responsibility to establish criteria or guidelines for the use of the facilities under their stewardship, it is appropriate that members of the College community participate in determining these criteria. This is especially important in those cases where the activity may be controversial. Such activities may include commercial, political, and special interest activities.

GUIDELINES

All community individuals or groups wishing to conduct activities on Campuses or College Centres must first contact the appropriate Regional Administrative Office. The Regional Administrative Office will collect information concerning the request and will forward this to the Director. The Regional Director may consult with others, if appropriate. The Regional Director will ensure that individuals or groups wishing to undertake activity on Campus will solicit student and faculty sponsorship.

With Director approval and appropriate College community sponsorship, the Regional Administrative Secretary or designate will prepare a written agreement outlining responsibilities and expectations for all commercial, social or political community groups undertaking activity on Campus. This agreement will include the time period covered, the insurance required and any financial terms the parties have agreed upon. The Regional Director will ensure that any agreement accords with the policies and procedures of North Island College and reinforces the objectives of the College.

This policy does not override the current North Island College Facility Use Policy #7-02 for facilities rental by off-campus groups.
