## University of Saskatchewan - Veterinary Medicine

**Purpose:** To provide North Island College students with guidance as to one possible suite of courses to be taken at North Island College that would fulfill the prerequisite requirements for admission to the Veterinary Medicine program at the University of Saskatchewan, the only Veterinary school for Western Canada with ¼ allocated to BC residents.

Prospective Veterinary Medicine Doctor students are required to have completed at least two full years of full-time university study with 60 credits of required and elective courses, maintain an average of greater than 75% (5 courses per term), and complete the following prerequisite requirements. Please follow <a href="https://documents.com/this/link/">https://documents.com/this/link/</a> for full requirements.
