

2022 YOUTH ACADEMY SUMMER CAMPS AT NIC

“ My son learned lots about engineering, technology and creative design. Course was hands-on, fun and super engaging. ”

“ It’s great to be able to send my kids to a camp where they can learn and have fun at the same time. ”

“ It let my daughter know she can do amazing things with the right help and knowledge! ”

23

offerings in 11 unique STEM camps: Bot Camp, Bot Camp Xtreme, All Girls Bot Camp, Code-Con, STEAM Teens, Digital Design Lab, Explore Engineering, Mad Scientist, STEM & Sport, STEM & Sport All Girls, Sound FX for Video Games

“ We were so impressed with the quality and selection of camps offered. Loved the all girls option. Love the opportunity for our daughter to grow confident and make friends in a field that interests her. We are so grateful these camps/programs exist and support learning/fun. ”

4 new STEM camps introduced

21 unique hometowns represented

27% female participants (89 participants)
