LETTER FROM THE CHAIR

Hello and welcome to the NIC School of Business. I'm excited to introduce you to our programs and to our faculty.

Our business programs are focused on giving you the skills, knowledge and work experience to successfully transition into your future career. Whether you have a specific career goal or are looking to develop foundational skills that apply to all fields, the School of Business instructors are here to support you on each step of your journey and to help you to become a leader in the business community.

With NIC, you will have the opportunity to participate in work-integrated learning such as co-ops and internships, or you could choose to gain global experience through the study abroad program, international exchanges or pursue double-degree opportunities.

Please be sure to reach out if you have any questions about the NIC School of Business. We look forward to walking beside you as you begin your journey.

- Ali Mayboudi, Chair, NIC School of Business

The business degree is so applicable to anything you'd want to do, and I know the skills I developed during my co-ops will help me in my future practice.

SHELDON FALK

**NIC BACHELOR OF BUSINESS ADMINISTRATION
GRADUATE AND UBC LAW STUDENT**

BUSINESS PROGRAMS

Gain the confidence you need to succeed in business. You will build your network and gain experience locally and globally with work-integrated learning, study abroad and double-degree opportunities.

BUSINESS ADMINISTRATION CERTIFICATE

Learn the fundamentals of accounting, management, marketing, economics, computer applications and business writing in a supportive environment. Flexible, online or classroom-based options allow you to choose the format that fits for you.

Start working

Career positions may include, but would not be limited to, office employee, banking and financial assistant or accounting assistant.

Keep learning

Earn one year of credit towards your Business diploma and Bachelor of Business at NIC or other universities in BC.

BUSINESS ADMINISTRATION DIPLOMA

Learn from top-notch faculty. Connect with business leaders and prepare for great jobs locally and internationally with a range of co-op and applied learning opportunities. Specialize in:

- Accounting
- Management
- Marketing

Start working

Depending on your interests and area of specialization, job titles may include, but would not be limited to, market researcher, sales and retail manager, advertising coordinator and product manager.

Keep learning

Earn two years of credit towards your Bachelor of Business at NIC or at universities in BC and at RGU in Scotland.

BACHELOR OF BUSINESS ADMINISTRATION

Develop your career goals, apply theory learned in class and earn academic credits with opportunities for paid co-op work experience, international exchanges and networking opportunities. Specialize in:

- Accounting
- Management
- Marketing

Start working

Management-level positions in public accounting, financial management, planning and business accounting.

Keep learning

Guaranteed admission to VIU's dual graduate MBA/MSciB program or apply to Masters, MBA or professional CPA designation programs.

BUSINESS ADMINISTRATION POST-DEGREE DIPLOMA

Advance your undergraduate degree with marketable business education. Post-degree diplomas offer a range of specialities to suit your interests and career goals.

Business Administration

Specialize in accounting and finance, general management, international management, human resource management or marketing.

Pre-Professional Accountant

Specialize in accounting with a focus on preparation for entry into the Canadian Chartered Professional Accountant (CPA) certification program.

Global Business Management

Specialize in Canadian and international business management, including trade, marketing and finance.

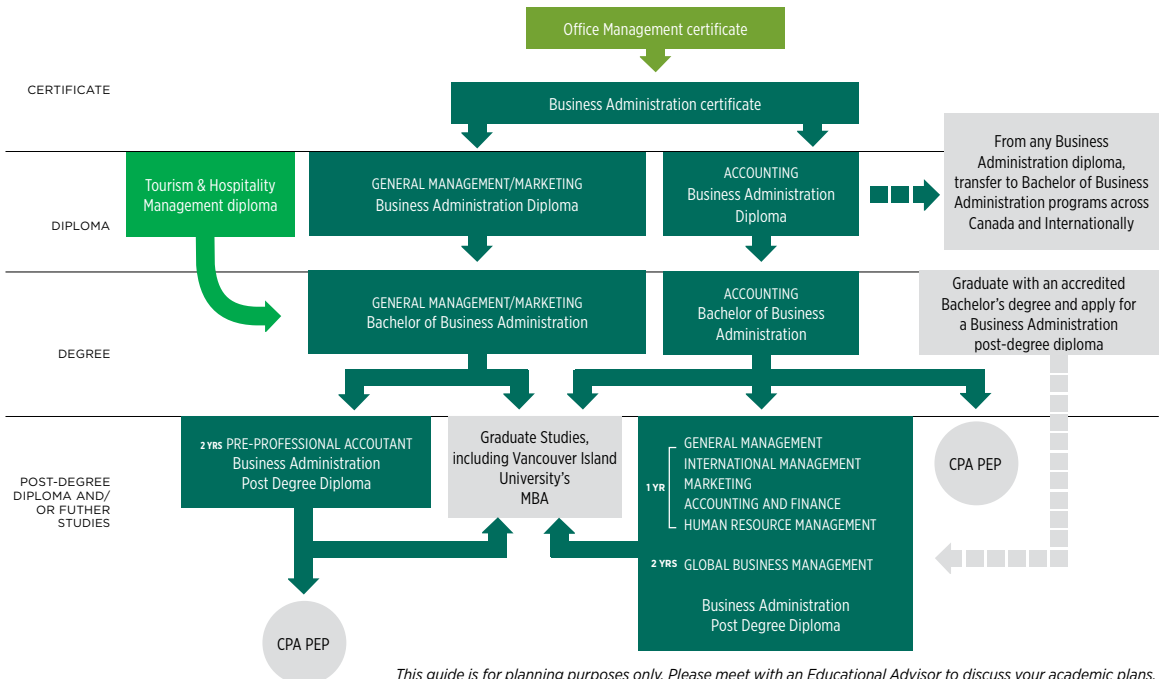

The program and my work experience placement helped me build on my previous experience in the hospitality and tourism industry and gave me knowledge and skills to take the next step in my career.

RAGHAV VERMA
NIC BUSINESS ADMINISTRATION POST DEGREE DIPLOMA GLOBAL BUSINESS MANAGEMENT STUDENT

BUSINESS PROGRAM PATHWAY

- Transferability
- Industry recognized credentials in multiple areas
- Multi-phased exit points
- Flexible schedules/venues to complete a credential

This guide is for planning purposes only. Please meet with an Educational Advisor to discuss your academic plans.

LEARN GLOBALLY

- ▶ Credit transfer exchanges in Asia, Europe and South America
- ▶ Work experience options in Europe, Japan and at Disney, USA
- ▶ Master of Science in management, marketing, finance, fashion, etc. in Scotland
- ▶ Choose 2 to 6 weeks, 1 semester, or 1 year study abroad options
- ▶ Access financial support
- ▶ Pay NIC tuition while on exchange

I'm a really big advocate for making the world your classroom. I've learned that you will never accomplish anything by always being comfortable. While travelling to new countries completely alone, I remind myself that 'life begins at the end of your comfort zone' and I've been having the most amazing time.

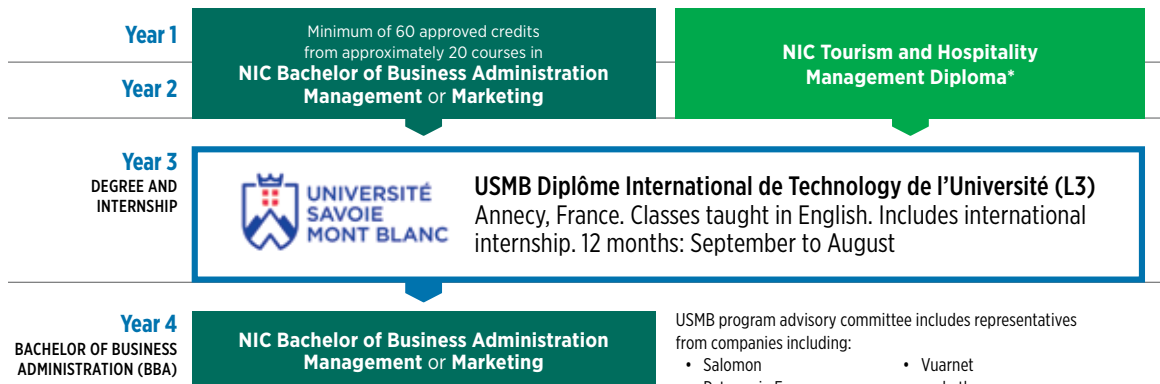

GEORGIA RODGERS

NIC BACHELOR OF BUSINESS ADMINISTRATION - GENERAL MANAGEMENT MAJOR ALUMNA

GLOBAL CLASSROOM

NIC classes interact with other classes around the world on a common subject and/or project. NIC has several areas of cooperation with institutions around the world. NIC's Centre for Teaching Learning and Innovation works with faculty to help develop joint classes and intercultural sharing opportunities.

NIC/USMB DOUBLE DEGREE: 2 DEGREES, 1 PROGRAM

*THM students must take one additional Economics course in their 3rd or 4th year.

NOTE: This guide is for information purposes only. Please meet with an Educational Advisor to discuss your academic plans and confirm program length.

WORK LOCALLY

Mentorship

NIC offers mentorship opportunities through partnerships with the Comox Valley and Campbell River Chambers of Commerce. The goal of the mentorship program is to connect top business students with working professionals in the business community to share their knowledge and experience with a new generation of business leaders.

Work-Integrated Learning

Work-integrated learning allows students to gain workplace experience while enrolled in academic programs.

NIC is an accredited co-op institution with Co-Operative Education and Work-Integrated Learning Canada (CEWIL), the lead organization for work-integrated learning (WIL) in Canada.

NIC is also a member of the Association for Co-operative Education and Work-Integrated Learning BC/Yukon (ACE-WIL), supporting research efforts that enable students, partner organizations and members.

CO-OP

Co-operative education is a paid work-integrated learning opportunity, allowing you to combine your academic studies with practical experience by alternating periods of full-time study with full-time paid work.

Your co-op designation demonstrates that you combine academic training and relevant work experience to transition into employment successfully. Employers across Canada recognize the quality of co-op training and experience.

INTERNSHIP

Build your network of business contacts while gaining work experience. An internship is a type of work-integrated learning where you apply theories and methods learned in the classroom to situations and challenges in the workplace. Interns can learn new skills and create professional contacts that will enhance future employment and support career success.

My internship changed my goals. I thought accounting might be lonely and boring when I was in Nigeria but now I love what I'm doing. I'm looking at taking a CPA to become a chartered accountant in Canada.
