Important Notes:

Please plan ahead to ensure you have all your supplies for the first day of class or you may miss out on skill practice or projects.

Lacy West in Vancouver sells all the supplies listed under Tab 1 and will give our students 10% off on tools and include some extra 'bonus' items if you buy the full list from them. Our Tab 1 list is also on their website for easy ordering at http://lacywest.com/ - just scroll down to the bottom of the page for *Student Tool Kits*.

Precious metals will be ordered as a group to save on costs. Be prepared to have cash available for group purchases.

We encourage students to first search out what is 'at hand' before buying. The supplies listed are the basics required for the program and by no means limit what may be purchased by students. Budgeted amounts are minimums required for projects. If a student does work above required projects, then more supplies will be necessary.
