

APPLYING TO THE PLUMBING & PIPING PROGRAM?

BE READY TO DO YOUR ASSESSMENTS!

TWO important steps before doing the assessment are:

➡ **Use the review material.** North Island College has review material that you can study to prepare for your assessment. The review material is listed below.

➡ **Know where and when to your assessment:** North Island College provides **group assessment** on all campuses. Check with your campus for times. On-campus assessment fees are \$15.

★ **Individual assessments are available through the Access for Students with Disabilities program. Contact your local campus to arrange an individual assessment or for more information.**

★ **Assessment is also available off campus**, applications are available on line:
<https://www.nic.bc.ca/pdf/offcampus-assessment.pdf> Off-campus fees are \$20.

REVIEW MATERIAL:

Math Assessment:

- **To prepare for computer-based Math testing on Accuplacer** see Sample Questions: prepared by ACCUPLACER, see pages 8 - 12 for Math Placement Testing. Answers are available on pages 24 and 25 
- **Supplemental Study Material – NIC Math Review Book – Part A and B** – available at bookstore and online (scroll down page to Math Review Materials):
<http://www.nic.bc.ca/services/educationplanning/assessments.aspx#Math Placement Testing>
- **There will also be a 25 minute assessment of Space Relations. There are no review materials needed for this assessment.**
