

NIC MS365 SELF SERVICE PASSWORD RESET

NOTE: Before you can use SSPR you will have to confirm your authentication methods. The first/next time you login to NIC MS365, you will be guided to setup your SSPR options with a **"More information required"** followed by the setup procedure and options.

1.) Goto <http://www.office.com> & select **Sign in**.

2.) Enter your NIC email address & select **Next**. E.g. firstname.lastname@nic.bc.ca

NIC MS365 SELF SERVICE PASSWORD RESET

3.) You will be re-directed to our NIC MS365 Logon Portal where you will enter your NIC Password.

4.) You will then be presented with the **“More information required”** dialog. Click **Next** and you will be guided through the SSPR setup procedure and options.

NIC MS365 SELF SERVICE PASSWORD RESET

- 5.) Once redirected to the setup options you will be required to setup up at least 1 of the 4 options available. It is recommended at a minimum to use the Authentication Email & Security Questions.

- 6.) Once completed you will be redirected to the MS365 regular logon. You now have the ability to reset your Password & Unlock your account when necessary.

NIC MS365 SELF SERVICE PASSWORD RESET

7.) To reset your Password or Unlock your account make note of the following URL:

<https://aka.ms/sspr>

This site will walk you through the reset/unlock process.
Enter you NIC email Address E.g. firstname.lastname@nic.bc.ca and hit **Next**.

Why are you having trouble signing in?

I forgot my password

I know my password, but still can't sign in
This might happen because you tried signing in with an incorrect password too many times.
If you choose this option, you'll keep your existing password and we'll unlock your account so you can sign in again.
